

## Overview

UChicagoSolutions offers free or low-cost review copies of our curriculum to qualified institutions as follows-

- Faculty or staff at K-12 schools in the United States may request samples. You must have a valid nonprofit or governmental email address, and you may be asked to provide proof of your tax-exempt status.
- Your school must be in a textbook purchase or curriculum review process that will conclude within the next six months. You must certify this on the sample request form.

## Materials Provided

We will supply at no charge one (1) Student Edition for any course. Additional sample Student Editions of each course are \$10.00 each.

To receive an evaluation copy of the Teacher's Edition, you must certify that your school is considering a purchase of at least seventy-five (75) Student Editions. The first set will be provided at no charge, and additional sets are available for \$30.00 each.

You may keep these books regardless of whether you purchase UCSMP. However, you may not resell them.

## Making Your Request

In order to receive evaluation copies, please fill out the form on the following page and return it to us.
